AGUS RAKHMADI MIDO

Mobile Developer (Flutter and React Native)

Greetings, I'm Mido, an experienced mobile developer specializing in crafting exceptional mobile applications. Starting with Java, I developed polished applications. Subsequently, I expanded my skill set to include JavaScript, and later, Dart to create engaging Android and iOS apps using Flutter and React Native. Motivated by the pursuit of excellence, I am dedicated to continuously refining and advancing my skills in delivering innovative and reliable mobile solutions.
